

Some of our potential clients request fees before we have an opportunity to discuss their program, meeting or project. While we would like to have a discussion prior to quoting the fee, the following is Phil's typical fee schedule, and can at least serve as a guideline. To get a firm quote, please contact our office.

Keynote length (up to 90 minutes) \$2500.00
Half-day workshop (approximately 3.5 hours) \$1500.00
Full-day workshop* (approximately 7 hours) \$2500.00

These fees are for the 48 contiguous states. Travel expenses are in addition to the above fees and include Y Class (coach) air, hotel, ground transportation, meals, parking, etc. Please call for fee quotes for Alaska, Hawaii and any international bookings.

The above fees are subject to change. In addition, some clients request consultation, on-site visits and additional research which could increase the fee.

* A full-day program is approximately seven hours (not including lunch) in length. Please contact us for a quote regarding multiple programs throughout the day.

Please call us with any questions. Phil looks forward to an opportunity to work with you!
